

AAT eNews & Views Newsletter

Hello there,

It randomly occurred to me that the last few months have seen many of us work with different state-based legislation, in particular NSW and VIC (apart from payroll tax, of course).

The compliance burden associated with accessing the state-based support schemes was frustrating and challenging. Whether you were lodging on behalf of your client or helping them understand what they needed to do was becoming a mammoth task.

Many of you were already imploding under the weight of JobKeeper and Cashflow boost. So, to have this land in our lap again without clear guidelines was undoubtedly an unwelcome surprise.

I'm sure we are also, to some degree, exhausted with constantly being on and, for a significant majority, still in lockdown and doing more hours than ever.

It's crucial that we don't lose sight of the bigger picture and why we do what we do, especially when we have one of those days where nothing seems to go right. So, I encourage you to attend one of the online discussion groups and connect with your peers more than ever.
